

Master - 6, 10 & 22 months.				
Programme Title.	Module Code.	Academic Level	Module Title.	ECTS
Master in Gerontology	12.1	master	Master in Gerontology	90
Master in Vision Science Research	12.1	master	Master in Vision Science Research	60-120
Master in Health Care and Management (Management Speciality; C	12.1	master	Master in Health Care and Management (Management Speciality; C	60
Master in Neurosciences	12.1	master	Master in Neurosciences	60
Master in Biomedical research	12.1	master	Master in Biomedical research	60
Master in General Healthcare Psychologist	12.2	master	Master in General Healthcare Psychologist	60
Master in Genetic , Nutritional and Environmental Conditionings of	12.2	master	Master in Genetic , Nutritional and Environmental Conditionings of	60
Master in Basic and Applied Research in Veterinary Science	12.4	master	Master in Basic and Applied Research in Veterinary Science	60
Master in Veterinary Medicine and Health Research	12.4	master	Master in Veterinary Medicine and Health Research	60
Master in Innovation in Food Safety and Technology	12.5	master	Master in Innovation in Food Safety and Technology	60
Master in Risk Prevention and Environmental Health	12,7	master	Master in Risk Prevention and Environmental Health	90
Master in Public Health	12,7	master	Master in Public Health	60
Master in Dental Sciences	12,9	master	Master in Dental Sciences	60

Doctorate - 6, 18 & 33 months.

Programme Title.	Module Code	Academic Level	Supervised PhD Research.	ECTS
Gerontology	12.1	PhD	Gerontology	
Molecular Medicine	12.1	PhD	Molecular Medicine	
Clinical Psychology and Psychobiology	12.2	PhD	Clinical Psychology and Psychobiology	
Dental Sciences	12.3	PhD	Dental Sciences	
Medicine and Veterinary Health Research	12.4	PhD	Medicine and Veterinary Health Research	
Basic and Applied Research in Veterinary Science	12.4	PhD	Basic and Applied Research in Veterinary Sciences	
Research and development of Pharmaceutical drugs	12.5	PhD	Research and development of Pharmaceutical drugs	
Innovation in Food Safety and Technology	12.5	PhD	Innovation in Food Safety and Technology	
Public Health	12.7	PhD	Public Health	
Endocrinology	12.9	PhD	Endocrinology	
Genetic Conditions, Nutritional and Environmental Growth and Development	12.9	PhD	Genetic Conditions, Nutritional and Environmental Growth and Development	
Vision Sciences	12.9	PhD	Vision Sciences	
Comprehensive Health Care	12.9	PhD	Comprehensive Health Care	
Forensic Sciences and Pathology	12.9	PhD	Forensic Sciences and Pathology	
Medical and surgical specialties	12.9	PhD	Medical and surgical specialties	
Morphology Medical	12.9	PhD	Morphology Medical	

Early Career Researchers Scholarship - 10 months.

Bespoke Plan negotiated between Researcher and Professor.

10 month programme may include opportunities to develop skills in:						
Research	x					
Writing for Publication	x					
Bid Writing	x					
Teaching	x					
Career Development	x					

- Gerontology
- Molecular Medicine
- Clinical Psychology and Psychobiology
- Dental Sciences
- Medicine and Veterinary Health Research
- Basic and Applied Research in Veterinary Sciences
- Research and development of Pharmaceutical drugs
- Innovation in Food Safety and Technology
- Public Health
- Endocrinology
- Genetic Conditions, Nutritional and Environmental Growth and Development
- Vision Sciences
- Comprehensive Health Care
- Forensic Sciences and Pathology
- Medical and surgical specialties
- Morphology Medical

Staff Mobility - 1 month.

Bespoke Plan negotiated between Visiting Staff and MEDEA co-ordinators

Gerontology
